Dear Dwight:

STAT In response to your request of 10 October 1984, we have completed our review of the Foreign Relations of the United States, Volume X documents concerning Iran 1951-1954. Pages 1113-1121 of the manuscript concern [redacted] "Probable Development in Iran Through 1954." CIA has no objection to its declassification and release, but coordination with the Department of Defense should be done. Please advise us when the document is declassified so that we may correct our records.

We are returning copies of those pages of the manuscript which contained information of interest to CIA. The passages or pages to be deleted are bracketed in the manuscript. We have also enclosed an index of the pages found to contain material of interest to the Agency and a listing of the specific deletions requested.

This letter provides CIA clearance for this volume contingent upon your assurance that there is no additional material intended for publication in it that is of interest to CIA and not yet reviewed by us.

Sincerely,

Chief, Manuscript and Special Review Branch  
Classification Review Division  
Office of Information Services  
Directorate of Administration
